

## Coastwide

<b>Project Name</b>	<b>Wetland Identification and Information Tool Kit Distribution and Media Campaign</b>
Applicant	Department of Natural Resources
Grant Amount	\$57,650
Category	Great Lakes Education
Description	This project will provide to property owners, via DVD and the Internet, a wetland toolkit that will help them, as well as local governments, Realtors and others, determine if a site contains wetlands and if so, what their next steps should be.
Project Contact:	Ms. Cherie Wieloch: (608) 266-7360
<b>Project Name</b>	<b>Raising Coastal Communities' Awareness of Coastal Wetland Values, Threats and Protection Strategies</b>
Applicant	Wisconsin Wetlands Association
Grant Amount	\$36,960
Category	Great Lakes Education
Description	This project will launch the results of the Wetlands Threat Analysis to raise awareness about the importance of coastal wetlands and what threatens them.
Project Contact	Ms. Becky Abel: (608) 250-9971
<b>Project Name</b>	<b>Wisconsin Great Lakes/WOJB-FM Multi-media Outreach</b>
Applicant	Lac Courte Oreilles Ojibwa Public Broadcasting WOJB-FM
Grant Amount	\$28,800
Category	Great Lakes Education
Description	The Lac Courte Oreilles Ojibwa Public Broadcasting (WOJB-FM) will create a public education initiative to increase public awareness about Wisconsin Great Lakes restoration and protection issues.
Project Contact	Mr. Eric Schubring: (715) 634-2100
<b>Project Name</b>	<b>Technical Assistance to Local Units of Government</b>
Applicant	Wisconsin Department of Natural Resources
Grant Amount	\$370,170
Category	Technical Assistance/Outreach
Description	This project will provide support for four Water Management Specialists at the Department of Natural Resources. They will provide technical assistance to local units of government and administer wetland regulations throughout the coastal regions.
Project Contact	Ms. Lois Simon: (608) 266-8852
<b>Project Name</b>	<b>Coastal Wetland Inventory</b>
Applicant	Wisconsin Department of Natural Resources
Grant Amount	\$88,033
Category	Technical Assistance/Outreach
Description	This project will update the Wisconsin Wetland Inventory for all coastal counties, and convert aerial photographs to digital files for Door County.
Project Contact	Ms. Lois Simon: (608) 266-8852

## Lake Superior Basin

### ***Ashland County***

**Project Name** **Weed Free Watersheds in Northern Wisconsin**  
Applicant Northwoods Cooperative Weed Management Area  
Grant Amount \$7,040  
Category Great Lakes Education  
Description This project will provide general education on invasive species issues as well as specific information on impacts and on-the-ground control methods for target invaders that affect coastal habitat.  
Project Contact Ms. Leah Gibala: (715) 682-7123

### ***Bayfield County***

**Project Name** **Bayfield County Lake Protection, Phase III**  
Applicant Bayfield County  
Grant Amount \$27,386.40  
Category Land Use and Community Planning  
Description This project will develop ordinance changes to implement building setback requirements that the county has developed. It includes public education, information sharing, and updating website work, as well as refining the maintenance and tracking program for septic systems.  
Project Contact Mr. Karl Katrosky: (715) 373-6138

### ***Douglas County***

**Project Name** **Outdoor Classroom in the Superior Municipal Forest**  
Applicant City of Superior  
Grant Amount \$11,500  
Category Public Access  
Description This proposal is for the construction of an outdoor classroom in the City of Superior's Municipal Forest and included interpretive signs near existing benches on the existing trail and at significant ecological sites.  
Project Contact Ms. Kari Jacobson-Hedin: (715) 394-0392

**Project Name** **Study of the Vascular Plants of Amnicon Falls State Park**  
Applicant University of Wisconsin-Superior  
Grant Amount \$19,172  
Category Wetland Protection  
Description The floristic study of Amnicon Falls State Park will complete a study begun in 2006. The resulting inventory will be a valuable tool for county resource managers and DNR personnel to prioritize future preservation and restoration projects in the area.  
Project Contact Mr. Paul Hlina: (715) 398-5453

**Project Name** **Arrowhead Pier Reconstruction Planning**  
Applicant City of Superior  
Grant Amount \$32,544  
Category Public Access  
Description This project is planning and public input for the replacement of the deteriorating Arrowhead Fishing Pier.  
Project Contact Ms. Mary Morgan: (715) 395-7279

**Project Name**            **Lake Superior Wetland and Stream Monitoring Program**  
Applicant                University of Wisconsin-Superior  
Grant Amount            \$29,890  
Category                 Wetland Protection  
Description              This project will collect water quality data at three estuaries on the Lake Superior south shore. The water quality data will be used to complete watershed analyses, which will support resource management decisions and outreach about water quality and coastal wetlands to local officials and the public.  
Project Contact         Ms. Sue O'Halloran: (715) 394-8525

**Project Name**            **Technical Assistance**  
Applicant                Northwest Regional Planning Commission  
Grant Amount            \$20,000  
Category                 Technical Assistance/Outreach  
Description              This project will provide funding for technical support and public outreach in the Northern Region.  
Project Contact         Mr. Jason Laumann: (715) 635-2197

**Project Name**            **Northern Water Trails to the Big Lakes**  
Applicant                River Alliance of Wisconsin  
Grant Amount            \$20,000  
Category                 Public Access  
Description              This project is the development of a guide called Northern Water Trails to the Big Lakes.  
Project Contact         Mr. Denny Caneff: (608) 257-2424

**Project Name**            **Estimating the Effects of Land Use and Land Cover Change on Lake Superior Tributary Streams**  
Applicant                University of Wisconsin-Madison  
Grant Amount            \$22,998  
Category                 Cumulative and Secondary Impacts  
Description              This project will investigate and model the relationship between land use cover, canopy and flows within a watershed.  
Project Contact         Dr. David Mladenoff: (608) 262-1992

***Iron County***  
**Project Name**            **Protecting Lake Superior Resources in Iron County**  
Applicant                Iron County  
Grant Amount            \$13,500  
Category                 Land Use and Community Planning  
Description              This project will identify inconsistencies between the Iron County Comprehensive Plan and the current Iron County Zoning Ordinance and recommend changes to the zoning ordinance to better protect the county's natural resource areas, water resources, and coastal areas.  
Project Contact         Mr. Mike Saari: (715) 561-3375

**Bay-Lake Region**

**Coastal Grants**

**April 20, 2007**

**Page 4 of 7**

**Project Name**

Applicant

Grant Amount

Category

Description

**Evaluation of Phragmites Control Measures**

Wisconsin Department of Agriculture, Trade & Consumer Protection

\$12,000

Wetland Protection

This project will evaluate the success of previous efforts to control Phragmites in Green Bay, recommend appropriate control methods for areas with important native species, and assess the long-term effectiveness of alternative control measures.

Project Contact

Ms. Ursula Petersen: (608) 224-4538

**Brown County**

**Project Name**

Applicant

Grant Amount

Description

**Technical Assistance**

Bay-Lake Regional Planning Commission

\$20,000

This project will provide funding for technical assistance, including wetland delineations and zoning variances, and public outreach efforts in the Bay-Lake region.

Project Contact

Mr. Mark Walter: (920) 448-2820

**Project Name**

Applicant

Category

Description

**Brown County Wetland Restoration Inventory**

Brown County Land Conservation Dept.

\$21,000

Wetland Protection

This inventory of small wetland restorations in Brown County follows the protocol of previous WCMP-funded projects along Lake Michigan.

Project Contact

Ms. Jill Hapner: (262) 242-7398

**Project Name**

Applicant

Grant Amount

Category

Description

**Brown County Open Space and Outdoor Recreation Plan Update**

Brown County Planning Commission

\$29,996

Land Use and Community Planning

This project will update the 2001 Brown County Open Space and Outdoor Recreation Plan, ensuring that recommendations are consistent with the adopted 2004 Brown County Comprehensive Plan.

Project Contact

Mr. Aaron Schuette: (920) 448-6486

**Door County**

**Project Name**

Applicant

Grant Amount

Category

Description

**Final Construction Plans for Nonpoint Source Beach Contamination Reduction**

Door County Soil and Water Conservation Dept.

\$53,900

Cumulative and Secondary Impacts

This is a cost share incentive program, offered to municipalities, to obtain final construction plans for reducing beach contamination in Door County.

Project Contact

Ms. Vinni Chomeau: (920) 746-2214

**Southeast Region**

**(Ozaukee, Racine, Kenosha, Milwaukee Counties)**

**Project Name**

**Mapping and Volunteer Monitoring of Ephemeral Pond Wetlands**

**Coastal Grants**

**April 20, 2007**

**Page 5 of 7**

Applicant Wisconsin Department of Natural Resources  
Grant Amount \$45,096  
Category Wetland Protection  
Description This project will inventory ephemeral ponds in Ozaukee, Racine and Kenosha counties develop a citizen monitoring network to expand the inventory to other counties, host a public forum to share the inventory results, and provide the inventory data to local partners.  
Project Contact Mr. Thomas Bernthal: (608) 266-3033

**Project Name** **Technical Assistance**  
Applicant Southeastern Wisconsin Regional Planning Commission  
Grant Amount \$20,000  
Category Technical Assistance/Outreach  
Description This project will provide funding for technical support and public outreach in the Southeastern Region.  
Project Contact Dr. Don Reed: (262) 547-6721

***Kenosha County***

**Project Name** **Center for Environmental Education, Demonstration and Applied Research**  
Applicant City of Kenosha  
Grant Amount \$40,000  
Category Public Access  
Description This project is the establishment of a Center for Environmental Education, Demonstration, and Applied Research (CE2DAR) at the Kenosha Beach House, a historic structure on Kenosha's lakefront.  
Project Contact Mr. Franz "Art" Strong: (262) 653-4080

**Project Name** **Trail Restoration at Kenosha Dunes-Chiwaukee SNA**  
Applicant Wisconsin Department of Natural Resources  
Grant Amount \$9,600  
Category Wetland Protection  
Description This project will establish a one-quarter mile walking trail to provide managed access to the Kenosha Dunes unit of the Chiwaukee Prairie State Natural Area. Educational signage will be placed to guide visitors and provide information about the site.  
Project Contact Mr. Marty Johnson: (262) 884-2391

***Milwaukee County***

**Project Name** **Southeast Side Comprehensive Area Plan**  
Applicant Redevelopment Authority of the City of Milwaukee  
Grant Amount \$50,000  
Category Land Use & Community Planning  
Description This project will create a Southeast Side Comprehensive Area Plan, one of thirteen planning areas in the City of Milwaukee.  
Project Contact Mr. Michael Maierle: (414) 286-5720

**Project Name** **Emmber Lane River Access and Restoration Demonstration Project**  
Applicant City of Milwaukee  
Grant Amount \$100,000  
Category Public Access

**Coastal Grants**

**April 20, 2007**

**Page 6 of 7**

Description

This project will construct a floating dock and debris screen on the Menomonee River at a site susceptible to sediment and litter pollution. The project will address fisheries habitat, water quality and public access in the Milwaukee Estuary Area of Concern.

Project Contact

Mr. Tom Miller: (414) 286-3304

**Project Name**

**Vanselow Wetland Restoration**

Applicant

Milwaukee Metropolitan Sewerage District

Grant Amount

\$10,000

Category

Wetland Protection

Description

This project will restore 14 acres of farmed wetland to forested wetland and wet prairie habitat. Coastal funds supported acquisition of this parcel in 2006.

Project Contact

Ms. Sheila Charon: (414) 225-2134

**Project Name**

**Action on the Kinnickinnic River: Community Involvement in Planning for Urban Concrete Removal**

Applicant

Sixteenth Street Community Health Center

Grant Amount

\$72,350

Category

Land Use & Community Planning

Description

This project will develop a public dialogue regarding the Milwaukee Metropolitan Sewerage District's (MMSD) planning process for removing 11,000 linear feet of concrete lining within the Kinnickinnic River. It is an implementation effort of the Action Plan for the Kinnickinnic River Corridor.

Project Contact

Mr. Peter McAvoy: (414) 672-1315

**Project Name**

**Milwaukee River and Riverside Park Public Access Trails**

Applicant

Milwaukee County

Grant Amount

\$150,000

Category

Public Access

Description

This project is for trails along the Milwaukee River and at Milwaukee County's Riverside Park

Project Contact

Ms. Sue Black: (414) 257-4590

**Project Name**

**Film and Educational Package on Great Lakes Diversion Issues**

Applicant

UW - Milwaukee, Great Lakes WATER Institute

Grant Amount

\$54,636

Category

Great Lakes Education

Description

This project will develop a movie and educational material regarding coastal water availability and Great Lakes Water Diversion issues, water use information, and techniques for water conservation and quality preservation with the goal of increasing public involvement in these issues.

Project Contact

Dr. Rebecca Klaper: (414) 382-1713

**Project Name**

**Great Lakes in My World**

Applicant

Wisconsin Department of Natural Resources

Grant Amount

\$7,153

Category

Great Lakes Education

**Coastal Grants**

**April 20, 2007**

**Page 7 of 7**

Description

This project will create a 2 ½ day, 1-credit course for teachers offered in June 2008 as part of the Sally Ride Academy at West Milwaukee Middle School in West Allis, will provide teachers with educational resources, field experiences and activities to teach students about the Great Lakes.

Project Contact

Ms. Carrie Morgan: (608) 267-5239

**Project Name**

**Milwaukee River Ecological Restoration**

Applicant

River Revitalization Foundation

Grant Amount

\$30,000

Category

Great Lakes Education

Description

This project will implement an ecological restoration project which will engage minority high school students, college interns and volunteers in the removal of invasive plant species in the Milwaukee River basin.

Project Contact

Ms. Kimberly Gleffe: (414) 271-8000

***Ozaukee***

**Project Name**

**Lakebed Erosion and Bluff Recession on Lake Michigan Shoreline**

Applicant

University of Wisconsin - Madison

Grant Amount

\$29,970

Category

Land Use and Community Planning

Description

This project will investigate the role of lakebed downcutting as it affects long-term bluff recession and raise public awareness of bluff recession.

Project Contact

Dr. Chin Wu: (608) 263-3078

***Racine County***

**Project Name**

**Revitalizing the Root River in Racine**

Applicant

River Alliance of Wisconsin

Grant Amount

\$30,000

Category

Land Use and Community Planning

Description

This project will develop a Root River Plan to guide redevelopment and revitalization efforts on the Root River in the City of Racine.

Project Contact

Mr. Denny Caneff: (608) 257-2424

**Project Name**

**Root River Environmental Education Community Center (REC)**

Applicant

University of Wisconsin - Parkside

Grant Amount

\$29,500

Category

Great Lakes Education

Description

This project will develop educational programs and opportunities associated with the Great Lakes through a partnership with the City of Racine for the establishment of a new Root River Environmental Education Community Center (REC).

Project Contact

Dr. Thomas Schnaubelt: (262) 595-3340
